

PASAPORTE ULE

Our international students: ULE AMBASSADORS

The international students that come to ULE live together for months and create a special bond, much stronger than that of a group of classmates and friends. They blend with their surroundings and make León and ULE part of their exchange experience. Without doubt, one of the most enriching experiences that will mark their lives.

The SICUE program turns 20 years.

The System of Exchange between University Centers of Spain (SICUE) is a program of national mobility of university students, promoted by Crue-Students Affairs and Crue-Internationalization and Cooperation, which has been operating since 1999. This program allows a period of studies in a Spanish University different from that in which the student is enrolled.
